**Respected Pfarre St. Matthias and thanks to all of the Sternsinger".**

First of all, I would like to say lots of thanks to you because through your support, we are able to help those orphan children who are helpless, supportless, and who are from poor family background. We are helping such children who were going to be deprived of going school and achieve education because of no supporter/guardian or because of low economic condition of family. Recently, we have fifty children under our care and support. They are happy to stay at "Orphan Center" this Time. 15 children will come orphan center and we, the members of "Sister Home" are also very happy to conduct "Orphan Center". Children whom we are supporting, are very good at study. Even five children stand first position in their class. They are struggling very hard to prove themselves that they are genius and outstanding. They have been able to do hard and fruitful labour for their bright future. This has been possible not only by our effort but also your support and help. Your support and help has played great role in our effort.

We are very grateful to you and hope this support will continue in future too. Please do visit us time and again. Lastly, I wish for your good health and great success in your life.

Best wishes

  
Sayni Chaudhary

President, Sister Home

Dang, Nepal.
